# 1999 Cessna 206 Turbo

## TURBO STATIONARE

It's not fast, nor is it that slow, but it is stable, rugged, reliable, has six real seats and is remarkable for being able to carry a half-ton or so after the tanks are filled. You can put it on floats, turbocharge it, dump skydivers from it, and carry small packages or just your family. It has proven tough and reliable enough to be a fixture in the bush throughout the world. So popular has been the 206's combination of simplicity and load-carrying that it's one of three piston-powered singles Cessna saw fit to bring back to the land of the living.

# 1999 Cessna 206 Turbo

## Highlights

Late Model and Low Time Turbo C206H  
Cargo Pod  
Engine Within 12 Year Overhaul Limit

## Airframe

Airframe Total Time: 2950Hrs

## Airworthiness

MPI CoA Valid  
Registered Zimbabwe  
Can Be Sold with a SADEC Country COA

# 1999 Cessna 206 Turbo

## Engines

Engine 1:  
TTSN: 1200 Hrs  
TSO: N/A Hrs  
TBO: 2000 Hrs

Lycoming TIO-540-AJ1A 300 HP  
Fuel Injected  
Turbo

## Propellers

Propeller 1:  
TTSN: 900 Hrs
